Confusion Matrix: Accuracy

Predicted

Positive Negative **Positive** True Positive (TP) False Negative (TN) Actual Negative False Positive (FP) True Negative (TN)

correct predictions

all predictions

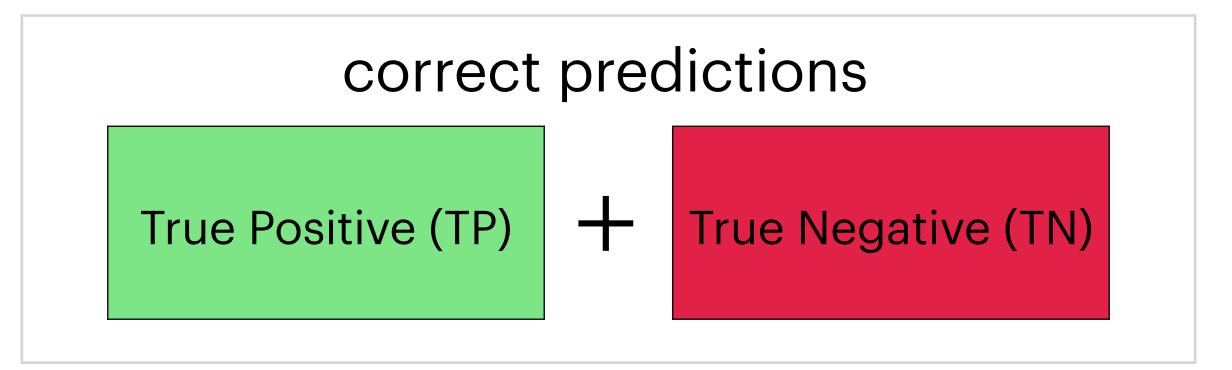

False Negative (TN) + False Positive (FP) +

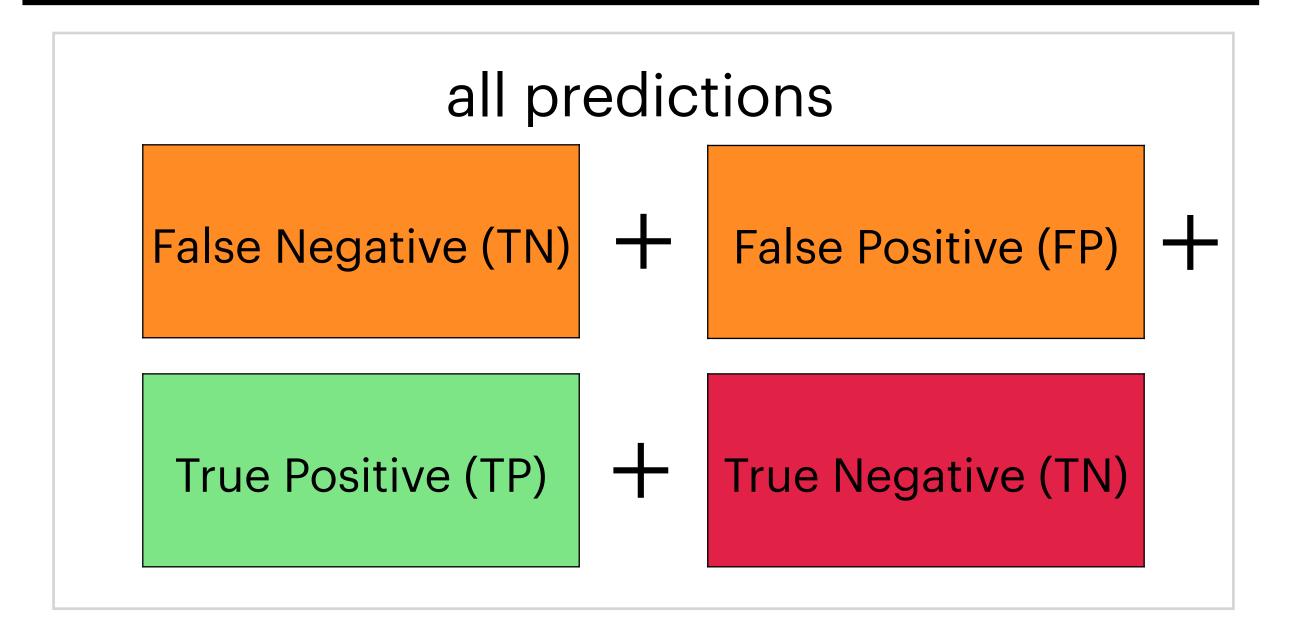

True Positive (TP)

+ True Negative (TN)

How often is the model correct?

Confusion Matrix: Accuracy

How often is the model correct?

		Predicted	
		Positive	Negative
Actual	Positive	True Positive (TP)	False Negative (TN)
	Negative	False Positive (FP)	True Negative (TN)

Confusion Matrix: Sensitivity/Recall

		Predicted	
		Positive	Negative
Actual	Positive	True Positive (TP)	False Negative (TN)
	Negative	False Positive (FP)	True Negative (TN)
